

RAY'S KETTLE KORN BAG ORDER FORM

Ray's Kettle Korn is made from high-grade popcorn, 100% pure soybean oil (a source of good fat which does not raise blood cholesterol per Paul G. Donohue, M.D.), sugar and special popcorn salt and is popped in a large stainless steel kettle at a very high temperature. We never use preservatives, food colorings, artificial flavors, artificial sweeteners, butter or msg. The result is a light, fluffy, delicious, **all-natural** popcorn that tastes slightly sweet and slightly salty at the same time.

Ray's Kettle Korn is a real crowd pleaser whether at **HOME, WORK, SCHOOL** or other **SOCIAL GATHERING** and makes a **UNIQUE GIFT** for **BIRTHDAYS, HOLIDAYS** or any **FESTIVE OCCASION**.
